Name	Function	QR code
<u>Lesson Co-Planner</u>	Builds ethical, AI-supported lesson plans	
<u>Writing Coach</u>	Supports student revision ethically	
<u>Text Rebuilder</u>	Simplifies content for multiple reading levels	
<u>Idea Builder</u>	Helps organize, brainstorm, and scaffold thinking	
<u>Math Tutor</u>	Guides students through steps, not solutions	
<u>Clarity Coach</u>	Supports IEP/ELL access with simplified language	
<u>Language Support</u>	Scaffolds foreign language practice	
<u>Feedback Generator</u>	Helps write student-centered teacher feedback	
<u>Visual Prompter</u>	Creative project ideas, posters, timelines	
<u>AI Unpacked</u>	Builds student/teacher AI literacy and ethics	

Quick-Start Prompt Pack

Try these prompts to get started right away.

Student Starters

"Help me understand what this problem is asking." (*Math Tutor*)

"Can you explain this science paragraph more simply?" (*Text Rebuilder*)

"What's a good way to start a sentence about my opinion?" (*Writing Coach*)

"How do I say this sentence more clearly in French?" (*Language Support*)

"Why do I need to be careful using AI to make a picture?" (*AI Unpacked*)

Teacher Starters

"Turn this rubric into sentence-level feedback." (*Feedback Generator*)

"Chunk these instructions for an ELL student." (*Clarity Coach*)

"What's a visual a student could use to show this process?" (*Visual Prompter*)

"Draft a mini-lesson from this student error." (*Writing Coach*)

"Help me scaffold this science passage for multiple levels." (*Text Rebuilder*)

"Give me an AI ethics discussion starter for middle school." (*AI Unpacked*)

**Each of these custom GPTs was built with YOU in mind.
By an educator, for educators.**

They've been rigorously tested to prevent cheating, protect student voice, and keep ethical use at the center of every interaction.
